manufacturer of the finest custom-made aircraft covers

Tech Sheet: Airbus Helicopter H145, UH-145, BK-117 D-2, D-3

(airbus-helicopter-AH145.pdf)

Eurocopter 145 Engine Area Cover, Bubble Cover

Section 1: Cockpit/Bubble Covers

The **Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Bubble Cover** helps reduce damage to the upholstery and avionics caused by excessive heat and can eliminate problems caused by leaking door and window seals. They keep the windshield and

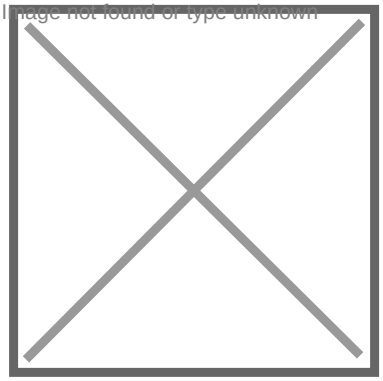

window surfaces clean and help prevent vandalism and theft.

The **Bubble Cover** encloses the entire canopy including the windshield, skylights, and chin bubble Attachment buckles are made of nonmetal *Delrin*, designed for rugged outdoor use. Both the top and bottom hems of the cover have a special rope-hem feature with which they can be tightened to help prevent abrasive chafing of the windshield. Pockets are sewn into the cover for the temperature probe and pitot tubes. The bubble cover is reinforced with patches at hinge points, door handles, and for the windshield wipers. For ease of installation, the bubble cover is color-coded (red=left, green=right) with color swatches sewn into the corners.

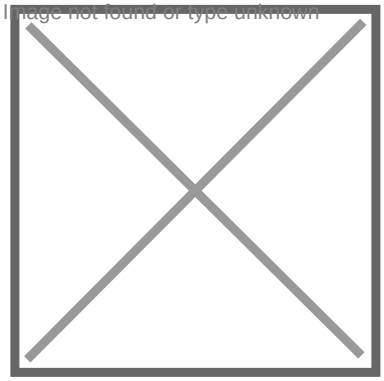

This cover type is made from Silver Acrylic Sunbrella canvas and is 100% lined with a soft and smooth microfiber. Bruce's Custom Covers developed this material combination especially for aircraft protection. The outer material is medium weight and treated for water resistance, UV resistance and anti-static buildup. The inner lining is a very soft and smooth microfiber to prevent scratching. The material is very reflective, and tests show that the cabin interior temperature can be reduced to near-ambient temperature on the hottest of days. It is water, ice and snow repellent, yet breathable to allow moisture to escape from between the cover and the aircraft surface.

The **Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Windshield/Nose Cover** is designed to cover the windshield and side windows of the cockpit, and extends forward to cover the nose.

This cover type is made from Silver Acrylic Sunbrella canvas and is 100% lined with a soft and smooth microfiber. Bruce's Custom Covers developed this material combination especially for aircraft protection. Bubble Cover w/ nose mounted radome, Upper Deck Plugs/Cover

Eurocopter EC-145 Main Body Cover, also covers the bottom belly

Description	Part Number	Price
BUBBLE COVER w/WSPS (OEM P/N: B103P0005103)	**AH145-000**	**$1260.00**
BUBBLE COVER, w/nosemount radome & WSPS	**AH145-005**	**$1450.00**
WINDSHIELD/SKYLIGHT COVER, pinches in door jambs	**AH145-009**	**$880.00**
WINDSHIELD/NOSE COVER, std nose configuration	**AH145-010**	**$945.00**
WINDSHIELD/NOSE COVER, w/nosemount radome & WSPS (OEM P/N: B103P0006102)	**AH145-011**	**$1085.00**
WINDSHIELD/NOSE COVER, w/nosemount radome & Cargo Mirror	**AH145-012**	**$1085.00**
WINDSHIELD/SKYLIGHT COVER (with nose mount radome & wire strike), pinches in door jambs	**AH145-017**	**$1175.00**
MAIN BODY COVER (does not cover bottom)	**AH145-020**	**$14000.00**

Section 2: Engine/Tail Rotor Covers

Blade Tie-Downs are "socks" which fit over the blade tip with or without Blade Covers installed. Front blade tie-downs have two lengths of rope or strap which attaches to the front cross tubes on either side of the cabin. The other tie-downs have generous lengths of rope or strap to tie the blades down at any convenient spot.

Engine Cover details vary by model, but generally these covers are designed to enclose and protect the swash plate, inlet, exhaust and engine access areas. They are designed to tighten up around the main rotor drive shaft and tailboom bottleneck areas, and attach securely with straps either under the belly or to the land gear cross tubes (or both). *Delrin* buckles are used to tighten the attachment straps. The engine cover is made of Solution-Dyed Polyester or acrylic *Sunbrella*, and is available in a variety of colors ([contact us for details](/contact). Specific information for each model is available on request.

Rotor Hub Covers overlaps with the Blade Covers to ensure complete protection for the entire main rotor system. Designed like a jacket with sleeves and no collar, the rotor hub cover fastens together below each blade with *Delrin* buckles. The Rotor Hub Cover is normally made from Solution-Dyed Polyester.

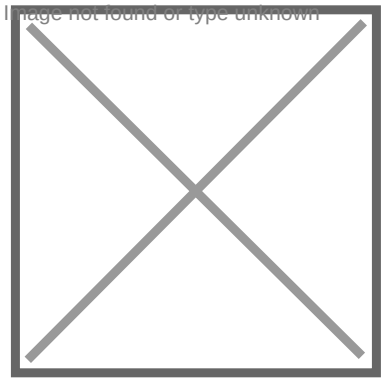

Bruce's **Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Blade Covers** are made of medium-weight Solution-Dyed Polyester and designed to avoid trim tabs or wicks. You can install Blade Covers from the ground with the aid of a lightweight rope attached to the open end. Covers are cinched tight at the blade root with straps and quick-release plastic buckles. The **Cold Weather Blade Covers** are fitted with full-length zippers and optional deice "boots" designed to accept a preheater hose; a small opening at the tip of the cover allows for some air circulation and drainage in freezing weather. Some part numbers have features for an extra charge.

The **Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Tail Rotor Cover** is a one-piece design which encloses both the blades and their hub, snapping closed along the bottom edge. The tail rotor cover is normally made from Solution-Dyed Polyester.

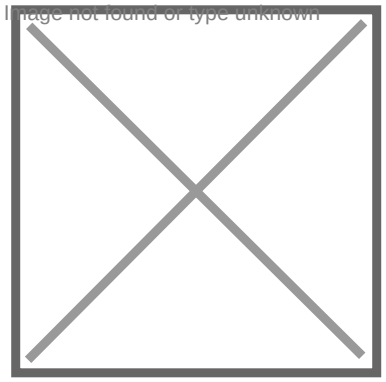

ALL-YEAR USE MATERIAL - Made with Silver Acrylic Sunbrella canvas, the all-year use material is the best option for sun protection and cover longevity. This heavier more durable material is intended for all weather conditions, such as rain and snow or lots of sun.

WINTER USE MATERIAL - Made with Solution-Dyed Polyester fabric, this option is intended for seasonal use to aid in deicing, rain mitigation, or for occasional travel. The material is lighter and more compact, but more susceptible to UV damage and may have a shorter useful life if used continuously outside than the all-year use material.

The **Engine Inlet Plugs** are custom fit for your Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 intakes, made with heavy-duty vinyl material, and stuffed with a single block of sculpted urethane foam. Each plug has a zipper that allows the foam to be removed and dried if necessary. Engine plugs have 'Remove Before Flight' streamers sewn onto the face of the plugs. Most plugs are imprinted with the aircraft registration number in black for an extra charge. Storage bag NOT included. Engine plugs may be inserted after flight when the engine is still warm. Engine Inlet Plugs are commonly referred to as Cowl Plugs, Intake Plugs, Cowl Blocks, Engine Blocks, and Engine Bungs.

Intake/Exhaust Engine Area Cover, 3D Rendering

Eurocopter 145 Engine Area Cover, Bubble Cover

Description	Part Number	Price
INTAKE/EXHAUST/ENGINE AREA COVER	**AH145-100**	**$1305.00**

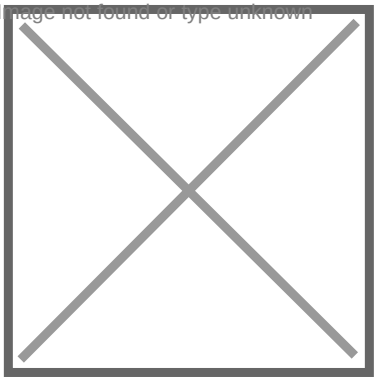

EXHAUST COVERS (OEM P/N: B103P0081101) (set of 2)	**AH145-120**	**$375.00**
UPPER DECK PLUGS/COVER	**AH145-150**	**$1030.00**
UPPER DECK PLUGS/COVER, extended to cover aft intake vents (OEM P/N: B103P0001102)	**AH145-155**	**$1195.00**
BLADE COVERS, special detail for fixed static wick (set of 4)	**AH145-200**	**$1670.00**
BLADE COVERS, cold weather, for fixed static wick (specify model) (set of 4)	**AH145-205**	**$1755.00**
BLADE COVERS, cold weather, for fixed static wick (D3 5-blade) (set of 5)	**AH145-206**	**$2030.00**
BLADE TIE-DOWNS (fabric type) (set of 4)	**AH145-220**	**$315.00**
BLADE TIE-DOWNS, w/telescoping attachment handle (four tie-downs and a pole) (set of 5)	**AH145-221**	**$700.00**
BLADE TIE-DOWNS (fabric type) (D3 5-blade models) (set of 5)	**AH145-225**	**$385.00**
BLADE TIE-DOWNS, w/telescoping attachment handle (D3 5-blade models) (set of 6)	**AH145-226**	**$775.00**
ROTOR HUB COVER, Ext. to cover counterweights	**AH145-300**	**$405.00**
ROTOR HUB COVER, D3 5-blade models	**AH145-301**	**$405.00**
ROTOR HUB COVER, Folded blade design, Ext. to cover counterweights	**AH145-315**	**$700.00**
ROTOR HUB COVER, No blades installed	**AH145-316**	**$405.00**
TAIL ROTOR COVER	**AH145-600**	**$285.00**

Section 3: Plugs & Protection

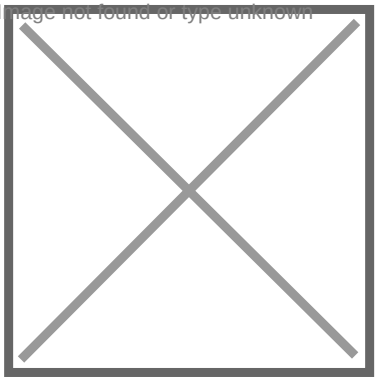

Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Pitot Tube Covers, NOT HEAT RESISTANT TYPE, are made of Naugahyde vinyl, and are designed to cover the entire pitot assembly. Slipping over the tube, the cover tightens around the base with a Velcro strap detail. A "Remove Before Flight" streamer is attached to the cover. **Heat Resistant Pitot Covers** are an upgrade to this design, and help prevent the pitot cover from melting onto the tube if the pitot heat is accidentally turned on while installed. If you want the set tethered together, please let us know.

The **Engine Exhaust Plugs** are custom fit for your Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 exhaust openings, made with heavy-duty vinyl material, and stuffed with a single block of sculpted urethane foam. Exhaust plugs have 'Remove Before Flight' streamers sewn onto the face of the plugs. Exhaust plugs may be inserted soon after flight when the engine is still warm. Engine Inlet Plugs are commonly referred to as Cowl Plugs, Intake Plugs, Cowl Blocks, Engine Blocks, and Engine Bungs.

Airbus Helicopter H145D3 Intake Plugs

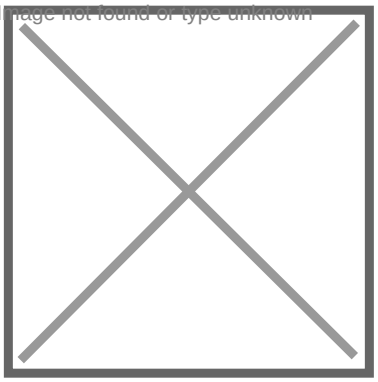

Airbus Helicopter H145D3 Intake Plugs

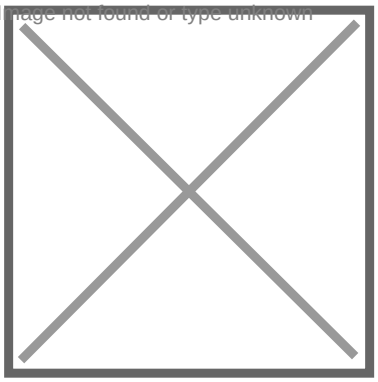

Description	Part Number	Price
INTAKE PLUGS (OEM P/N: B103P0007102) (set of 6)	**AH145-110**	**$605.00**
INTAKE PLUGS (set of 2)	**AH145-111**	**$455.00**
EXHAUST PLUGS (set of 2)	**AH145-125**	**$375.00**
PITOT COVERS (OEM P/N: L132M0014101) (set of 2)	**AH145-700**	**$240.00**

Section 4: Tailboom Covers

The **Tailboom Cover** details vary by model, but generally the helicopter tail boom cover encloses the tail boom from the "bottleneck" to the aft end. They usually also cover the horizontal stabilizers, and are custom made to allow for antennae, lights, and other protrusions. They attach with straps underneath the tail boom. Covers for the vertical and horizontal stabilizers are also available separately. Specific information for each model is available on request.

Airbus EC145 Tailfan Housing Fenestron Cover

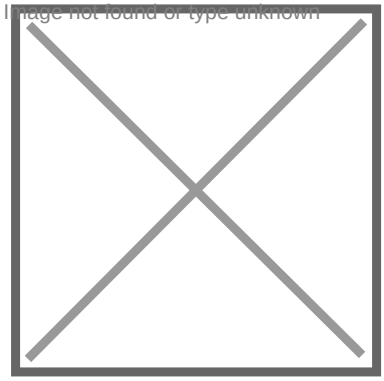

Airbus EC145 Tailfan Housing Fenestron Cover

Description	Part Number	Price
TAILBOOM, VERTICAL PYLON, STABILIZER COVERS (set of 4)	**AH145-650**	**$6410.00**
TAILBOOM, HORIZONTAL STABILIZER COVER, FENESTRON COVER (D2 & D3 model) (set of 4)	**AH145-655**	**$6410.00**
TAILFAN HOUSING FENESTRON COVER (OEM P/N: D103P002101)	**AH145-660**	**$740.00**

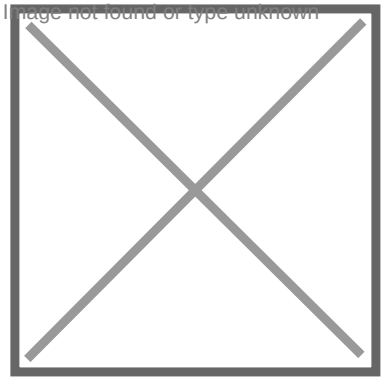

Section 5: HeatShields & Sun Reflectors

Cockpit Heatshields are interior sunshades for the aircraft's cockpit. The product is a unique composite of closed-cell foam with a silver mylar finish. The semi-rigid design is stiff enough to stand inside the window framing. Darts and folds are incorporated into the material so that it conforms to the complex shape of the helicopter windows. The set folds up flat and is easily stored in the included storage sleeve. Some designs may require velcro and suction cups. A Heatshield is an excellent short-term remedy for cockpit overheating, but an external fabric cover is more effective for long-term protection.

Heatshields are interior sunshades for an aircraft's windows or canopy glass. The product is a unique composite of closed-cell foam with a silver mylar finish. The semi-rigid design is stiff enough to stand along the inside of the windshield using sun visors or window framing. It folds up flat and easily stores in the included storage sleeve. Some designs may require velcro and suction cups. A Heatshield is an excellent short-term remedy for cockpit overheating.

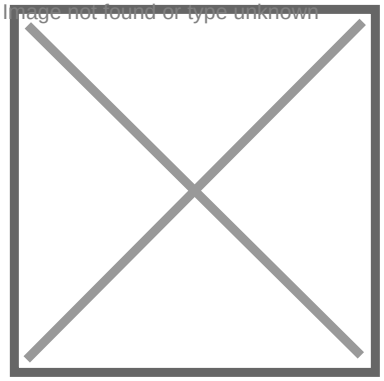

Eurocopter EC-135 Instrument Panel Heatshield Cover

Description	Part Number	Price

BARRIER INLET FILTER COVER (OEM P/N: B103P0008102)	**AH145-105**	**$1070.00**

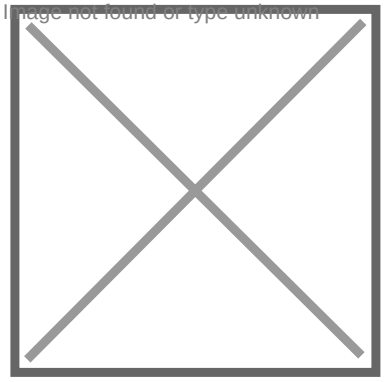

Section 7: Light Weight Products: Travel Covers and FlyAway Covers

The **Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Lightweight Travel Bubble Cover** is the same design as our standard bubble cover, but the material used is very lightwieight and will fold up and store in a smaller space.

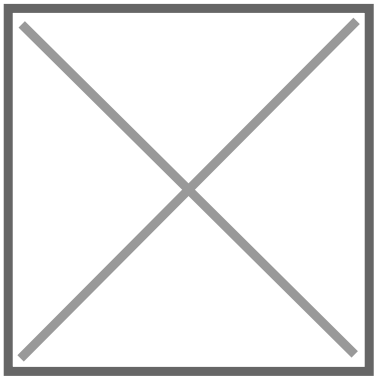

Travel Covers are made with Silver Solution-Dyed Polyester fabric and fully lined over the entire cover. The material is lightweight and more compact for easy stowage in the aircraft. The polyester material is water resistant, but only intended for occasional use outside. We also have an ultra lightweight material available for fitted hangar dust covers. For daily outdoor use, the non-travel Sunbrella Cover is the best choice.

The **Airbus Helicopter H145, UH-145, BK-117 D-2, D-3 Windshield/Nose Cover** is designed to cover the windshield and side windows of the cockpit, and extends forward to cover the nose.

This cover type is made from Silver Acrylic Sunbrella canvas and is 100% lined with a soft and smooth microfiber. Bruce's Custom Covers developed this material combination especially for aircraft protection. The outer material is medium weight and treated for water resistance, UV resistance and anti-static buildup. The inner lining is a very soft and smooth microfiber to prevent scratching. The material is very reflective, and tests show that the cabin interior temperature can be reduced to near-ambient temperature on the hottest of days. It is water, ice and snow repellent, yet breathable to allow moisture to escape from between the cover and the aircraft surface.
